Dear Dr. Salahuddin:

The CARE Clinic Board of Directors, volunteers, staff, patients, and I would like to express our sincere appreciation to all of the members of the Bangladesh Medical Association of North America - Carolina Chapter for your generous contribution of \$2,500.00. Thank you also for allowing us to use this toward meeting the challenge from Cumberland Community Foundation. The foundation will match \$1 for every \$3 raised so your gift will bring in an additional \$833.33 for a total impact of \$3,333.33 for our new building fund!

We have tolerated the leaky roof and freezing pipes in our current facility for nearly fourteen years. We have recently started construction on a new building and we are starting to get very excited about having a new clinic for our patients and volunteers. By improving the appearance of our building, we will look more like a private physician's office instead of a free clinic. This will not only preserve our patients' dignity, it will also improve our patients' perception of the quality of care they receive here. We may also be more likely to recruit more volunteers, which will help us provide more services to patients. We would love to have the local members of your association volunteer with us either as a volunteer at the clinic or by accepting our patients in their offices!

Thank you again for becoming a partner in our mission. May you all be blessed for your kindness to those in need.

With sincere gratitude and prayer,

M. Catherine Ory
Executive Director

P.S.

"My experience at the Clinic was very welcoming, courteous and genuine by everyone that I encountered. Thank you."
